

Data retention directives at FB5/Biology and CellNanOS for non-university members (cooperation):

In the context of a cooperation with members of FB5/Biology or CellNanOS, non-university members may store their **project-related data** on servers within the University of Osnabrueck **for the duration of the cooperation**. After the end of the cooperation the access will be blocked. A guest-account (user-ID) of the Rechenzentrum Univerity Osnabrueck is required.

(Registration form under:

https://www.rz.uni-osnabrueck.de/fileadmin/user_upload/Ueber_Uns/Benutzungsantrag/pdf/benantr.pdf)
